THE MAN WHO MADE FIV to journey to transact their business at St Pancras; but they went MILLION STERLING.

Financier's Rise and Fall.

The jury at the Old Bailey found Ernest Terah Hooley, who is now fifty-two years of age, guilty on the indictment which charged him-with obtaining six-cheques for the payment of £2,000 from George Leech Tweedale-s young mechanical engineer of Rochdale, who had inherited a fortune £45,000—by means of false pretences and I with intent to defrand. The false protence was in "stating that a particular estate which he was selling was not encumbered. Mr Justice Phillimore ordered Mr Hooley to be imprisoned for twelve months in the second division

Mr Hooley turned sharply round and, murmuring, "A fine finish," left the dock. He was removed in a horsed-cab to Wormwood Scrubs Prison.

THE FALLER PINANCIES.

Hooley's career has been unique in th annals of finance. He is a man who floated 26 companies with a capital of over 184 millions sterling between them, made a gross profit for himself of over 5 millions sterling in the process and within a year or two of the achievement was bankrupt.

ing eight miles to and from school every day, and he left school when he w thirteen. Between then and the time became the financial rage of London 1896 he had hereditary hankering after the Nottingham lace trade: preference: on the whole for farming, but finally became Nottingham stockbroker, in which profession he was exceedingly successful with a few big deals. That laid the foundations of his fortune, or rather his misfortune, and he became a financier.

Throughout financial London his name began to be mysteriously whispered in the middle nincties; and reauy, a deal was linked with the name of Hooley, until people began to ask "Who is this Hooley?" They soon knew. In quick succession came the daring flotation of several huge companies like Dunlop, Humber, Boyril, Schweppes, and Trafford Park Estates, and Hooley was the company promoter of the age.

PRINCIPAL PLOTATIONS. Here is a list of the principal flotations for which he was responsible or with which he was connected, with the amounts of capital involved

£16,930,000 Many of these companies are no longer known others have been reconstructed because they were overburdened with capital, while a few remain with no much in their brighal form, their names being household.

PRICES: \$3.50, \$2 & \$1. Commence at 9.15 F.M.

. There they found him, a man of about forty-this was in the hardey of his career fitteen years ago with a tall, well-knit frams, a strong, swarthy face, with a glint of something in it that was repellent. a bearing that was marvellously alert, speech which, in spite of its broad provincial accent, was clear and to the point. He used to my that he could drink, work, and smoke at the same time. He began work with three secretaries at eight o'clock in the morning, and was generally in bed by ten at night. His week-ends he would spend invariably at one of his country seats engaged in the farming which he obviously loved. He always seemed intensely devoted to home life add used to beast that he was

the biggest breeder of sheep in the country. He presented the famous service of gold plate to St. Paul's Cathedral, worth some £2,000 or £3,000. He set aside £400,000 for the benefit of willows and orphans of the Derbyshire district in which he lived, Hongkong, March 19, 1912. to be dispersed in a well-formulated scheme. He offered £10,000 to the Nottingham Hospital if the working men would first aubscribe 200,000 shillings.

REASON OF THE CRASH. Soon the crash came. Its reason can best be given in the official words of the Inspector-General, in Bankruptcy He He began life's responsibilities by walk- described the failure in 1898 as the most noteworthy in recent history, The liabilities were whittled down from about £1,000,000 to £491,000; The spperent profit made by the promoter in three years. £5,028,900, was changed by his ! reckiess. and extravagent, methods of promotion ! into a net loss of £89,300. There were " large gifts and fees to obtain the names of titled and other persons as directors, : ITHE UNDERSIGNED having SOLI and the "selling of shares of profits to and apparently dark doings. The name named Store up to and including the 15th of Hooley has been constantly cropping up | March will be paid by him, after that date in the law courts ever since.

ACTORS SUPERSTITIONS.

Theatrical people generally, and Parisian actors and actresses in particular, all have a superstition of some kind. M. Herte, the Paris correspondent of the Telegraph says. Saint-Martin Theatre without inserting the name of M. Totali. We see it in the play Blambe, where M. Totah is supposed to play the part of a domestic servant. There is no such servant in the play, nor was there ever a M. Totak, but the manager, H. Hertz, will not post up a play without M. Totahr - It would bring him bad luck. M. Antoine has another superstition. Ho carries with him a little leather purse, which contains nothing but the decree appointing him director of the Odeon. If he did not carry that decre 150,000 with him every day, wee would surely 250,000 | befall him. There have been innumerable ,550,000 jokes about M. Bamuel, the director of the 650.000 Varietes. He is always seen in a straw 500,000 bat. He goes, summer and winter, to 75,000 rehearsals and premiered in a straw hab. 80,000 If he did not wear a straw but all his plays A Reduction of 25% in The Administrate Funds of the Fire and 75,000 would no amage. The day the "Veins" | Life Departments are free from Hability in 175,000 was given for the first time he wore a 800,000 straw hat. He thought the play would 375,000 last many weeks. He said he would not ,500,000 change his hat till it ran three hundred 250,000 straw hat the whole year. The result is that he is wearing a straw hat still

NEW CHINESE BANK IN HONGHONG

Bank of Canton, Ltd., begins Business.

On Sanday the Bank of Canton, Ltd., formally opened its doors. It is situated at No. 8 Des Voeux Road Central, and is thus in the banking centre of the Colopy. This new bank is to be conducted on Western lines, and Mr Look Pong-shan is the Chairman of the Board of Directors and chief manager of the Bank, the other Directors being :- Messrs. Lam Wo, Li Yuk-tong, Ma Ying-piu, Tang Choung-cha, Tong Yat-chun, Mak Li-tang, Yu Pao-san, Li Pao-lung, Lau Tung-skm, Lau Ki-wa, Tong Li-cheun, and Li Pang-hau. The Secretary is Mr Ho Li-shek. Mr Wong Pik-tsun is Assistant Secretary and Mr Tang Chung-chak cashier.

The premises were gaily decorated for the opening ceremony, which was largely attended by Chinese buseness-men and several foreign residents. Many congratulatory addresses were read from associations and private individuals, and several speeches followed from many of the | that their business will be attended to leading spirits in the new commercial with promptitude and despatch. venture and their friends, including Mr. Luk Pong-shau, and Mr Li Yuk-tong, Treasurer of Kwantung.

"The only address in English was delivered to speak on this auspicious occasion. I feel that it is not only a duty which I own to this institution but it is both a privilege and an honour. You will all, I am sure, be interested in a brief history of the formation of this Bank and an outline of the objects which it has in view. Every one: is aware of the fact that there is a large number of wealthy Chinese merchants and residents in the United States of America who conduct a very extensive trade will their homeland and the Orient. The transactions are of very large amounts and naturally elaborate banking facilities are necessary to finance them. For many years, the Canton Bank in San Francisco, founded by the Chinese merchants there, has handled these financial transactions, but having no branch on this side have had to pass the business through ordinary correspondent banks or agents. Not long ago it was decided that the extent of the business of the Chipese merchants in America with the East was large enough to warrant the opening of a bank of their own on this side, and this decision was given effect to, in the establishing of this institution, the Bank of Canton, Ltd., in Hongkong. I may state that this bank is not a branch of nor in any way attached to the Canton Book of San Francisco, Both matitutions are separate although they are

closely related to each other in view of the fact that most shareholders of the latter bank are also shareholders of this Institution. Furthermore, one acts for the other as sole agent and both work on the same system and principle. We are much indebted to the Canton Bank of San Francisco for the part which they have taken in bringing this institution in to shape. At the commencement, their manager, Mr Alien, very kindly came ever here to sasial us in the organization wor and stayed with us several months. In him we had the good fortune of having a man with wide experience and exceptional ability to guide this new institution in its first stops. I may further mention that Me Look Tin-cli, the Prosident of the Canton Bank of Sau Francisco, arrived a few days ago, and during his stay here of several months, he will give us the benefit of his experience and advice. The Bank of Canbon, Ltd. has been formed and it. and naturally they will be snoouraged to extend their operations, the consequence of which will be that commercial sofivity will be increased and the country in gendown, there is one point on which I wish to lay special emphasis, and that is it must not be thought fur one moment that a corporation like this will injure the interests and business of European banks which are already established in the East. On the contrary, it is my firm conviction that Chinese banks run on Western methods will be able to render assistance to European bankers. /s I have already said. I am fully convinced that the European banks and those like ourselves will mutually help and benefit each other and am sure they cannot but work together n harmony and good will. I would take this opportunity of sesuring the European. bankers that the staff of the Bank of Canton, Ltd., will slways do its utmost to maintain a most pleasant relationship. with all the other banks in the Colony. In conclusion, on behalf of the staff of this Bank, I extend a hearty welcome to all who are present to-day and express the assurance that one and all who visit this Bank will meet with courtery and respect and

HOPES AND FEARS.

(Reuter's Service to the China Mail) LONDON, March 23.

A statement by Mr Ramsay Macdonald, Labour M.P., encourages the belief that agreement may result on Monday with... out legislation, but it is feared that the South Wales owners are still obdurate, and even if the leaders accept the proposed District Boards the question of the prolongation of the strike will depend on the men, whose disappointment at not obtaining the promised rates, together with possible Government measures to protect the men anxious to resume, may still lead to grave disorders.

JOINT RAILWAY ACTION.

A general agreement has been arrived at between the milways to sacrifice passenger traffic to food trains throughout the country.

FOOD PRICES UNAFFECTED.

It is astonishing that hitherto, despite the rise in the price of coal, the prices of necessaries have nowhere incressed. Nevertheless in the mining and industrial districts the extraordinary conditions prevailing have caused suffering and poverty.

UNION FUNDS EXHAUSTED.

The miners' funds are mostly exhausted or will be next week, and this, despite reduced payments. For example, out of nine large districts in England There was a small attendance. and Wales only two have any funds left. A DENTHUS BILL

Mr Goldring said he did not know who ther the defendant admitted the amount or was willing to pay by instalments. He had a letter from him addressed to Dr Rew, in which he said he was willing to Government had contracted to a certain amount, the defendant to pay the belance. After discussing the matter with the defendant, Mr. Goldring announced that the the Supervision of a position the defendant took up was that because Dr Law's shroff would not accept

to pay any of the money. His Lordship : I course that is absured Dr Kow stated that he rendered pertain deutal service to the detendant, and the value of these service was \$140. The Government grant was \$96, and the balance was to be baid by the defendant. He signed an undertaking with the military

His Lordship: Who did you make the contract with ? Witness: With the military authorities,

as regards the Government grant. Witness: Sergeant Wreford signed an undertaking with the military authorities Dispensary in Hongkong. that he would pay the excess. That was

before I commenced work. Mr Goldring-Have you received any payment on account? Witness-Yes, \$2.

Mr Goldring -- liow did you arrive at the figures, \$331.1. Witness : Lagreed upon \$40 as the excess

Mr Goldring-I think you came to an arrangement that he should pay your & per month.

Witness Yes, the whole trouble arou over the fact that the shroff would not take 82 which defendant offered him. Defendant then claimed that, owing to that fact, I was not entitled to any of the money. Defendant, sworn, stated that about autumn, 1910; he was sent by Major Micdonald, R.A.M.C., to Means Kew Brothers for an examination of his mouth and a statement, of the approximate cost. Dr Kew examined his mouth and made out a charge. Defendant asked him what would be the cost of "fixing my mouth up," which be (defendant) considered would include the stoppings as well as the teeth. Dr Kew said he would fix it up for \$100. Defendant then stated that the Government would only allow him £8 pay himself, Dr. Rew gave him a scaled letter to Major Macdonald, but defendant did not know what was in it. Defendant then communicated with Major Macdonald

and Major Bedford the terms quoted to him by Dr. Kaw and major isociora told defendant that it would be easy for him to pay the difference. Defendant told him that he could and would, and later he signed an agreement that he was willing to pay the excess, which amounted to \$38.

His Lordship.—Where is that agree

Mr Goldring-It is filed with the military

records, we cannot get it.
His Lordship - Was any amount stated? Defendant-I don't think there was any amount fixed. Continuing, defendant stated that in the following April Dr Kew sent him in a bill for \$40 for professional services "for fillings, etc." Defendant immediately wrote him saying there was evidently some mistake as he only owed 84 which he was quite prepared to pay. The next letter be got was one saying that psyment was expected by July 5th and unless the amount was then paid the matter would be placed in the hands of their solicitors. So rather than make a case of it he thought he would try to pay alamount. He then sent \$2 to Dr Kew and agreed to pay the rest in monthly instalments of \$2. The answer he got to that was that the offer was so absurd that the matter had been referred to Lieut. Col. Close. The latter referred the matter to defendant's Company officer and defendant agreed to pay \$3 a month, which was all he could afford. The Company officer informed detendant that Dr Kew had agreed to accept the offer to pay \$38 in monthly instalments of \$3. About two months after this was made. Dr hew ser his shroff with a chit for \$9 although there was only \$6 due at the time. Defendant offered the shroff all the more the had on him, \$3, but he mid that his master told him to take nothing but 89. Defendant told the shroff that he was willing to pay the remaining 38 at the end of the month. Right through the case ha had never acknowledged owing the debt. but he simply spreed to pay to save trouble. He had a wile and five children. Mr. Goldring said if judgment was his favour, he did not object to instalments. His Lordship There is only one point.

and that is that there is immunity from civil process for any amount under 230. Mr Goldring - I spree we cannot attach His Lordships Can you sue him? Mc Coldring Yes, my Land we can say int we cannot have execution spring his personal effects.
